This is an uplifting musical that starts with the tragic loss of a friend in a terrible accident, but is really the beginning of three new lives. Leesha begins her new life in heaven looking down on the friends she left behind. Kevin was severely injured in the same accident, his dreams for the future are over but new ones are being revealed. The injured teen's father who wandered away from God is brought back to find the Father waiting with open arms. It's all part of God's Big Picture!

A free will offering will be taken to benefit a local child battling an illness. All donations will be given to the family to help with their many expenses. We will provide more information soon.
